

Dear BWLS parents,

Below are some additional online resources to support in your scholar's learning at home:

ELA

Online reading resources for scholars K – 4

<https://www.scholastic.com/kids/home/>

This site allows kids 8-14 to play games, test skills and knowledge about books, work on writing activities and express opinions. They can connect with other readers on books, reading and authors on this well-moderated site.

<http://www.starfall.com/>

Provides opportunities for young children to have fun while learning their ABCs and reading skills through positive reinforcement in a brightly colored environment full of activities, games and songs.

<http://www.readingrockets.org/>

This website has lots of games and activities for kids' pleasure and learning. Parents, teachers and other adults can access instructional videos, a blog, PBS TV programs and videos to guide them in helping children learn to read.

<http://mathandreadinghelp.org/>

This site offers early readers interactive, enjoyable games to improve in reading (and math). Parents will find an extensive online library of articles on education, notably on homework and tutoring.

Math

Online math resources for scholars K – 4

<https://www.khanacademy.org/>

There are many short videos and tutorial features on this site, they aid in a scholar's understanding of math. Focused on common core, videos featured on this website are relevant and applicable to course work from all schools.

<https://learnzillion.com/landing>

Similar to Khan Academy, there are additional tutorials featured on this site created to supplement a scholar's understanding of math.

<http://mathandreadinghelp.org/>

This site offers early readers interactive and enjoyable games to improve in math (and reading). Parents will find an extensive online library of articles on education, notably on homework and tutoring.

BUSHWICK ASCEND LOWER SCHOOL

751 Knickerbocker Avenue, Brooklyn, NY 11221
